

"The introduction of LNB has brought efficiencies and time savings throughout the business"

### Brethertons' requirements

**Brethertons LLP** is one of the UK's Top 100 legal firms. They are located in five offices over two locations in the Midlands. The company employs over 140 people, including 10 partners and 60 fee earners.

They had traditionally used hard copy and looseleaf legal journals, but after a significant investment in Information Technology recognised that rapid access to constantly updated, trustworthy, comprehensive legal information would greatly enhance their standing with clients and minimise risk. The only question was 'how'?

### The LexisNexis recommendation

LexisNexis recommended **LNB** – the biggest online research library for legal professionals, featuring 10 times the number of content sources of our nearest competitor and winner of the Online Product of the Year at the 2006 Legal Technology Awards.

Brethertons LLP invested in the latest online research service from LexisNexis Butterworths – LNB, bringing them increased functionality, speedier interfaces, improved search facilities and greater depth of legal information.

### How did Brethertons benefit?

Jason Bastock, Office Manager and Legal Librarian explains, "Brethertons LLP has been using LexisNexis Butterworths since January 2004. We are a progressive and forward looking firm and this came at just the right time for us. We have found the service to be cost-effective and user friendly. LexisNexis Butterworths has changed the way we operate the practice for ever."

"We have found it extremely beneficial to have a full legal library service on all areas of law which can be accessed by everyone 24/7."

"We have experienced a marked improvement in our productivity and profitability"
